Regarding **claim(s) 1-16**, the prior art of record fails to suggest or disclose annotating events of interest that occurred during a recorded call, time stamping a time when each event of interest occurred, and determining a call type of the call by categorizing the call into one of a plurality of calls types in accordance with a manner in which the call was handled by the call processing center.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
